EvaluATE

Project Name: _____

Inputs	Activities	Outputs	Short-Term Outcomes	Mid-Term Outcomes	Long-Term Impacts

Instructions

Write in the blank boxes to begin building your logic model.

This template is also available as a PowerPoint file that will allow you to modify (i.e., create new boxes, remove boxes, add arrows in between boxes, etc.) as needed in order to create a logic model that best represents your project.

Quality Checks

☐ Is there a logical connection between the activities and outcomes listed (i.e., a chain of reasoning that could be read as "If _____, then _____").

☐ Do the long-term impacts address the identified community needs?

☐ Are the outcomes focused on changes in participants or those external to the project?

☐ Are the outcomes specific and measurable?

☐ Is the information included in the logic model succinct and necessary to bring about the long-term impact?
